Berkson, Executrix; AUDREY BERKSON,
Executrix,
16

17 Defendants.

Case No. C07-02779 WDB

NOTICE OF PENDING SETTLEMENT
AND STIPULATED REQUEST FOR
CONTINUATION OF INITIAL CASE
MANAGEMENT CONFERENCE

18 The undersigned parties stipulate as follows:

19 1. On August 8, 2007 the parties to the above-captioned action executed a settlement
20 agreement, which is documented in the [Proposed] Consent Decree attached hereto as Exhibit 1.

21 2. On August 17, 2007, the Office of Administrative Law will publish public notice
22 of the proposed settlement in the action pursuant to 42 U.S.C. § 9622(d)(2)(B), CERCLA section
23 122(d)(2)(B). CERCLA § 122(d)(2)(B) requires the Attorney General, here representing the
24 Department of Toxic Substances Control ("DTSC"), to provide an opportunity to persons who
25 are not named as parties to the action to comment on the proposed judgment before its entry by
26 the court as a final judgment. The Attorney General must consider, and file with the court, any
27 written comments, views, or allegations relating to the proposed judgment. *Id.* The Attorney
28 General may withdraw or withhold its consent to the proposed judgment if the comments, views,

BARG
COFFIN

TRAPP
ATTORNEYS
AT LAW

1 and allegations concerning the judgment disclose facts or considerations which indicate that the
2 proposed judgment is inappropriate, improper, or inadequate. *Id.*

3 4. Plaintiff, DTSC, provides 30 days public notice of proposed settlements.

4 3. After the 30-day comment period passes, provided the Attorney General has not
5 received comments disclosing facts or considerations which indicate that the proposed judgment
6 is inappropriate, improper, or inadequate, DTSC and the named defendants will submit a joint
7 motion to this Court requesting that Exhibit 1 be entered as the judgment of this Court in this
8 matter.

9 4. An Initial Case Management Conference is presently scheduled before the Court
10 on September 4, 2007. Under the current Case Management Order, the parties' submissions to
11 the Court for the Initial Case Management Conference, including evidence of compliance with
12 Rule 26(f) of the Federal Rules of Civil Procedure, are presently due August 28, 2007. To
13 minimize ongoing transaction costs, the parties request that the Initial Case Management
14 Conference be continued for 90 days to allow the public notice period referred to in paragraph 2,
15 above, to pass and to allow a joint motion to approve the settlement agreement to be filed and
16 heard.

Case No. CO7-02779 WDP
CONSENT DECREE

Consent Decree

1 **NOW THEREFORE, it is ORDERED, ADJUDGED, and DECREED, as follows:**

2 **I. JURISDICTION.**

3 1. The Plaintiff and Settling Defendants agree that the United States District Court for
4 the Northern District of California has subject matter jurisdiction over the subject matter of this
5 action pursuant to 28 U.S.C. § 1331 and CERCLA, 42 U.S.C. § 9601, *et seq.* Plaintiff and Settling
6 Defendants expressly recognize that the United States District Court for the Northern District of
7 California has jurisdiction to enter this Decree as a judgment of the Court. Plaintiff and Settling
8 Defendants agree not to challenge this Court's jurisdiction to enforce the terms of this Decree once
9 it has been entered, and this Court maintains jurisdiction over this Decree for that purpose.

10 **II. PARTIES BOUND**

11 2. The Plaintiff, as defined below, and the Settling Defendants, as defined below, are
12 bound by this Consent Decree.

13 **III. DEFINITIONS**

14 3. Unless otherwise expressly provided herein, terms used in this Consent Decree which
15 are defined in CERCLA or in other regulations promulgated under CERCLA shall have the meaning
16 assigned to them in CERCLA or in such regulations. Whenever terms listed below are used in this
17 Consent Decree, the following definitions shall apply:

18 a. “CERCLA” shall mean the Comprehensive Environmental Response,
19 Compensation, and Liability Act of 1980, as amended, 42 U.S.C. § 9601 *et seq.*

20 b. “Consent Decree” shall mean this Consent Decree.

21 c. “Day” shall mean a calendar day unless expressly stated to be a working day.

22 d. “Department” shall mean California Department of Toxic Substances Control.

23 e. “Parties” shall mean Plaintiff and Settling Defendants.

24 f. “Plaintiff” shall mean the California Department of Toxic Substances Control.

25 g. “Response Costs” shall mean the costs associated with any removal, remedy,
26 or remedial action taken with respect to the Site, including, without limitation, (i) enforcement
27 activities related thereto, (ii) contractor costs, (iii) oversight costs and (iv) attorneys’ fees.

28 h. “Settling Defendants” shall mean the Estate of Reitman, ex rel. Audrey

Consent Decree

1 Berkson, Audrey Berkson, Executrix, and all successors in interest or assigns.

2 i. "Site" shall mean three parcels of property in Oakland, California
3 corresponding to 10301 Pearmain Street, 10319 Pearmain Street, and 10323 Pearmain Street which
4 bear Assessor's Parcel Numbers 045-5243-001, 045-5243-002-01, and 045-5243-01.

5 **III. THE COMPLAINT**

6 4. On May 29, 2007 the Department filed a Complaint against the Estate of Reitman,
7 ex rel. Audrey Berkson, and Audrey Berkson, Executrix, pursuant to CERCLA, for costs the
8 Department incurred in response to the release or threatened release of hazardous substances and/or
9 wastes in, at, around, and from the Site. The Complaint seeks recovery of Response Costs incurred
10 by the Department in monitoring, assessing, and evaluating the release or threatened release of
11 hazardous substances and/or wastes in, at, from, and around the Site and in removing, remediating,
12 and overseeing the removal and remediation of hazardous wastes or substances at the Site.

13 5. The contaminants found at the Site include hazardous substances as defined by
14 Section 101(14) of CERCLA, 42 U.S.C. § 9601(14). There have been releases of hazardous
15 substances at the Site. The plating facility that operated at the Site is a "facility" as that term is
16 defined by Section 101(9) of CERCLA, 42 U.S.C. § 9601(9). The Estate of Reitman, ex rel. Audrey
17 Berkson, and Audrey Berkson, Executrix, are persons as that term is defined by Section 101(21) of
18 CERCLA, 42 U.S.C. § 9601(21).

19 **IV. SITE BACKGROUND**

20 The following is a summary of the Site background as alleged by the Department which, for
21 the purposes of this Decree, the Settling Defendants neither admit nor deny:

22 6. The Estate of Reitman acquired the Site after decedent Abraham Reitman's death in
23 1991. Audrey Berkson is the Executrix of the Estate.

24 7. The Site is located in a mixed residential/industrial area of Oakland, California. The
25 K&L Plating Company ("K&L") operated as a metal plating facility at the Site for approximately
26 four years. During that time, K&L generated zinc plating sludge; lead and chromium dust; copper,
27 zinc and nickel cyanide waste streams; waste containing sodium hydroxide; and spent hydrochloric,
28 boric, and nitric acids. Sludge was generated from an on-site plating bath solution treatment unit.

Consent Decree

1 8. In May 1997, the Department inspected the K&L facility and noted several hazardous
2 waste violations. Based on this inspection, the Department filed a complaint with the Alameda
3 Superior Court. In July 1997, the Court ordered K&L to cease business operations and to properly
4 dispose of all chemicals, materials, and other substances from the Site.

5 9. In September 1997, hydrochloric acid leaked from a 1,500 gallon tank inside the
6 bermed area of the K&L facility, resulting in an emergency response by the United States
7 Environmental Protection Agency.

8 10. In December 1998, the Department's contractor removed the remaining vats, tanks,
9 drums, and miscellaneous debris at the Site. Soil, groundwater, and wipe samples from the facility
10 indicated residual metals contamination on the walls and floors of the K&L facility; low levels of
11 arsenic and metals in the subsurface soil; and variable levels of metals in the groundwater.

12 11. The Department developed a Removal Action Workplan ("RAW") for the Site to
13 address the residual contamination of structures, debris, and soil. A public participation plan was
14 finalized in October 1999 and a draft RAW was made available for public review and comment in
15 the spring of 2000. The RAW was finalized in June 2000.

16 12. The Department's contractor began implementation of the RAW in August 2000.
17 Decontamination activities included high-pressure triple rinsing of the floors and walls of the
18 structures; removal of debris; collection of confirmation samples from the floors and walls; and
19 collection of soil samples beneath the most deteriorated concrete in the facility. However, the
20 confirmation sampling wipes showed residual metal contamination on the floors and walls.

21 13. In 2001, the Estate of Reitman sold the 10323 Pearmain Street parcel to the current
22 owners of that parcel. The current owners of 10323 Pearmain Street also acquired 10301 Pearmain
23 Street and 10319 Pearmain Street through a foreclosure sale in 2002. The current owners acquired
24 the three properties comprising the Site with the full knowledge that the properties were
25 contaminated, and that the Department had incurred costs to investigate the contamination and to
26 perform removal and remedial actions at the Site.

27 14. In 2005, the Department and the current owners entered into a Settlement Agreement
28 and Consent Order, under which the current owners agreed to pay \$92,000.00 over a four-year term

Consent Decree

1 in monthly installments of \$1533.33. They also agreed to remove the concrete surfaces in the
2 building located at 10323 Pearmain Street and to conduct confirmatory sampling.

3 15. On May 10, 2006 the Department issued a Certification Letter acknowledging that
4 no further actions were required to remedy environmental conditions at the Site.

5 **V. OBLIGATIONS OF SETTLING DEFENDANTS**

6 **Payment to the Department.**

7 16. Within thirty (30) days after the effective date of this Decree, Settling Defendants
8 shall make payment to the Plaintiff in the amount of \$135,000. This payment shall be made by
9 check payable to the "California Department of Toxic Substances Control" and shall be sent to:

10 Accounting Unit
11 California Department of Toxic Substances Control
12 P.O. Box 806
Sacramento, California 95812-0806

13 The check shall reference the "Pearmain Site" and the docket number of this Consent Decree, as well
14 as the Site Code, 200957. Copies of the check and of the letter transmitting the check shall be
15 simultaneously sent to:

16 Barbara Cook
17 Regional Branch Chief
Department of Toxic Substances Control
18 700 Heinz Avenue, Suite 200
Berkeley, California 94710

Deborah Slon
Deputy Attorney General
California Department of Justice
1300 I Street
Sacramento, CA 95814

19 **VI. COVENANTS NOT TO SUE.**

20 **Department's Covenant Not to Sue.**

21 17. In consideration of the payments that Settling Defendants will make pursuant to the
22 terms of this Consent Decree, the Plaintiff covenants (1) not to sue or take administrative action
23 against Settling Defendants for any past, present or future Response Costs incurred by, or on behalf
24 of, the Department with respect to the Site; and (2) not to take any legal or administrative action that
25 seeks to compel Settling Defendants to take any response action at the Site. Entry of this Decree
26 resolves the claims that the Plaintiff has asserted in the present action against Settling Defendants
27 and those which could have been asserted regarding response actions at the Site.
28

Consent Decree

1 **Limitations on Covenants Not to Sue.**

2 18. Settling Defendants are not released from any matter not expressly addressed by this
3 Consent Decree, and the Plaintiff's Covenants Not to Sue do not apply to the rights reserved in
4 Section VII of this Decree (Reservation of Rights).

5 **Reservation of Claims Against Other Persons.**

6 19. Nothing in this Consent Decree shall constitute or be construed as a release or
7 covenant not to sue regarding any claim or cause of action against any person (as defined in Section
8 101(21) of CERCLA) or any other entity who is not a party to this Consent Decree, for any liability
9 he, she or it may have arising out of or relating to the Site. The Plaintiff expressly retains all of its
10 rights, claims and causes of action against all persons except Settling Defendants.

11 **Settling Defendants' Covenant Not to Sue.**

12 20. Settling Defendants hereby covenant not to sue or assert any claims, causes of action
13 or claims for reimbursement against the Plaintiff arising out of any matters relating to the Site or this
14 Consent Decree.

15 **VII. RESERVATION OF RIGHTS.**

16 **Obligations Under this Decree.**

17 21. In the event the Plaintiff initiates any legal proceedings against Settling Defendants
18 for non-compliance with this Consent Decree, Settling Defendants shall not contest their obligation
19 to fully comply with this Consent Decree. In such proceedings, Settling Defendants may raise any
20 defenses that are relevant to the issue of whether or not they have complied with the terms of the
21 Decree.

22 **Claims Regarding Other Sites.**

23 22. Nothing in this Consent Decree is intended or shall be construed to limit the rights
24 of the Plaintiff with respect to claims arising out of or relating to the deposit, release or disposal of
25 hazardous substances at any location other than the Site subject to this Decree.

26 **Claims Against Other Persons and Entities.**

27 23. The Plaintiff retains all of its legal and equitable rights against all persons except
28 Settling Defendants. The legal and equitable rights retained by the Plaintiff include, but are not
Consent Decree

1 limited to: the right to compel any such person to take response actions for hazardous substance
 2 contamination at the Site and to seek reimbursement against such persons for costs incurred by the
 3 Plaintiff as a result of such contamination.

4 **Claims Against Defendants.**

5 24. Notwithstanding any other provision of this Decree, Plaintiff reserves the right to
 6 assert, and any covenants not to sue or other recitals in this Decree shall not apply with respect to,
 7 any claims or causes of action against Settling Defendants, either administrative or judicial, arising
 8 from:

9 a. Settling Defendants' introduction of any hazardous substance, pollutant, or
 10 contaminant to the Site in the future;

11 b. Future overt acts by Settling Defendants that cause the exacerbation of the
 12 hazardous conditions existing at the Site.

13 c. Settling Defendants' acquisition of an ownership interest in the Site in the
 14 future;

15 d. Settling Defendants' transportation or disposal of hazardous substances from
 16 the Site to another location;

17 e. Any claim based on a failure of Settling Defendants' to meet the obligations
 18 of this Decree;

19 f. Claims based on liability arising from the past, present, or future disposal of
 20 hazardous substances at sites or locations other than the Site; or

21 g. Claims based on the Department's authority to enforce any state or federal law
 22 or regulation, except as expressly provided herein.

23 **Other Rights Reserved.**

24 25. Except as otherwise provided in this Decree, the Plaintiff expressly reserves all rights
 25 and defenses that it may have.

26 **VIII. CONTRIBUTION PROTECTION.**

27 26. With regard to claims for contribution against Settling Defendants, the Parties agree,
 28 and the Court finds as follows:

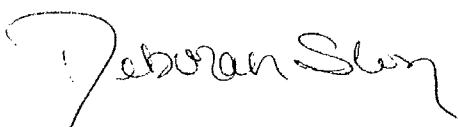

Consent Decree

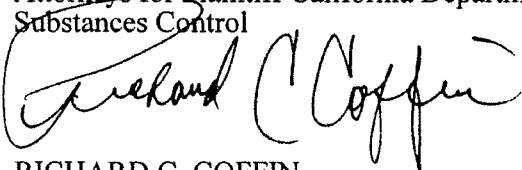

- 1 a. This Consent Decree constitutes a judicially approved settlement within the meaning
2 of CERCLA § 113(f)(2).
- 3 b. Settling Defendants have resolved their liability for Response Costs incurred by or
4 on behalf of the Department with respect to the Site by (i) any past, present or future
5 owner or operator of the Site, or (ii) any party, person or entity who may seek
6 contribution or indemnity under CERCLA or any other state or federal law. Settling
7 Defendants are therefore entitled to the contribution protection provided by CERCLA
8 § 113(f)(2).
- 9 d. This settlement is a good faith settlement for the purposes of California Code of Civil
10 Procedure Section 877.6.
- 11 c. Nothing in this Section shall limit the Plaintiff's or Settling Defendants' rights
12 against any third person or entity that is not a party to this Decree, including, without
13 limitation, the Department's right to enforce a cleanup of the Site and to recover any
14 Response Costs associated with that cleanup.

15 Dated: August 8, 2007
